

SPIRITED ACTion!

“Imagine having the opportunity to talk about Jesus with children who have no other way of knowing him. Imagine being part of a team that puts aside its differences to share the common beliefs of the Christian faith. Imagine teaching children the Christian stories that underpin social culture — its laws, music, art, language, values. Imagine yourself playing a part in passing on God’s message of love, peace and hope. Imagine being a part of this action.”

Chris Ellis — Weetangera CRE team

“All the kids who go to the Christian education program at our school love it! The CRE team tell a bible story or act out a bible verse. It’s cool because they always involve some of us in their performance. Everyone wants a turn! They also have some really good songs.

In the end all the kids know what God is like and how he loves them. We say a prayer too!

We always want the team to come back!”

Year 5 student — Gungahlin

RELIGIOUS EDUCATION

Education in the ACT is currently governed by the Education Act 2004. The purpose of the Act is to ensure that every child receives a high quality education, based on principles such as:

- > promoting respect for and tolerance of others
- > recognising the social, religious, physical, intellectual and emotional needs of all students
- > encouraging innovation, diversity and opportunity within and among schools
- > recognising the partnership between the home, community and educational providers

Section 29 of the Education Act 2004 states that if parents of children at a government school ask the principal for their children to receive religious education in a particular religion, the principal must ensure that reasonable time is allowed for their children's religious education in that religion. This section of the Education Act affirms the place of religious education in the school curriculum.

CHRISTIAN RELIGIOUS EDUCATION (CRE)

The ACT CHURCHES' COUNCIL offers a coordinated approach to address Christian Religious Education (CRE) in ACT government schools, including:

- > professional guidelines
- > screened volunteers
- > a CRE program inventory
- > approved curriculum resources
- > teaching and support for students in:
 - the belief, values and life of Christian faith for individuals and in society
 - the Bible as the basis of Christianity
 - Christian festivals
 - respect and harmony between all people

EXISTING PROGRAMS

CRE programs already exist in various schools across the ACT, some initiated at the school level but all requiring parental permission for children to attend. Your school may already have an in-class program, special assemblies or term visits. Check with your principal if you are unsure as to whether any CRE is happening at your school, if you would like to discuss further options or if you are able to volunteer in a CRE program.

REQUESTING CRE

To place a request for CRE at your school please complete the enclosed form and speak directly with your child's school principal. You may network with other interested parents and encourage them to do the same. You may also indicate your interest in becoming a volunteer in a CRE program.

ESTABLISHING CRE IN YOUR CHILD'S SCHOOL

Once your Principal has received requests for CRE s/he will contact the CRE Coordinator to access the service of the ACT Churches' Council. The Coordinator will:

- > notify participating churches
- > liaise between your school and the churches to assist in the establishment of a suitable CRE program
- > record details of the CRE program
- > ensure that all documentation is in order and facilitate training opportunities
- > be a point of contact
- > provide further information should your school desire Christian links beyond CRE
